

Year 6 - Week Commencing 30th November 2020

Maths

This week we will continue our work on fractions – the children have astounded me with how well they are doing!

- Subtract a fraction from a fraction or whole number
- Solve mixed addition or subtraction fraction problems
- Multiply fractions or mixed numbers by an integer
- Multiply fractions or mixed numbers by a fraction.

English

We will be concluding our unit of work this week based on biographies.

We will also be doing lots of writing based on this week's winter theme. Such as:

- My favourite winter memory
- My life as a Snowman
- My Perfect Winter Day
- Inventing a new sport for the Winter Olympics
- If I were a reindeer for a day...
- Rudolph...the truth!

Theme

This week we will be concentrating on Winter Art every afternoon. Our theme is 'Winter Landscapes' using a variety of material. We will also be throwing in a bit of cross-stitch for good measure.

PE: Indoor Athletics

The children will also be continuing our Science unit of work on Light with Mrs Harper as well as continuing their weekly PSHE lessons with Marie.

Extras

PE will be on Friday morning with Phil. Please ensure your child comes to school dressed in appropriate PE kit.

My PPA time will be on Monday afternoon.

Homework

Homework will be sent via email and will also be available in paper form. All homework will relate to what the children have been learning this week.

This will be set on a Friday to be handed in the following Friday. Any questions regarding homework please just contact me via email. Thank you to all those working so hard to complete and hand in their homework.

Spelling Focus: This week will be focusing on the suffixes '-ed' and '-ing' and the rules associated with them.

The children will not receive a formal spelling test but will be encouraged to use and spell the words correctly in their everyday writing.
